

## SANTA CLARA COMES AGAIN IN DECEMBER

Bronchos Lined Up for Tentative Date on Dec. 15, Here

### WORD RECEIVED

## Coach Klum Now in South Bend With Knute Rockne

Word has been received through President David L. Crawford that Otto Klum, football coach and director of athletics, now on the mainland in the interest of the University, has completed tentative negotiations with Santa Clara to bring their Bucking Bronchos to Honolulu next December, thereby obliging the entire institution. He has thus given our Rainbow Warriors another bona fide chance to properly prune the pickers and in a measure atone for the glorious defeat of last New Year's game, if such things are proper.

As the entire student body is undoubtedly well aware of all particulars in the arrangement, as stated in the columns of our two downtown dailies, Ka Leo will not suffer itself to duplicate. There has been some misunderstanding, however, concerning the actual date on which the contest will be played. According to Charles R. Hemenway, who with Klum represents the University of Hawaii as a director of the Honolulu Stadium Company, Limited and the one who first got the story direct from the U. H. coach, the Occidental game is scheduled for Saturday, December 8, and that the next Saturday, December 15, is the "tentative" date for the Santa Clara fracas. Tentative because of McKinley high school intention to bring down a California prep school on or about this same date. No friction is anticipated, however, because of the very elastic plans of both institutions.

In a recent letter Klum reported a smooth and pleasant voyage to San Francisco. He spent a few days in California, a week in Oregon and then he continued to South Bend, Indiana, where he will spend two or three months working with Knute Rockne, football coach at Notre Dame.

Hawaii's meandering coach intends to study physical education methods in the various universities of the United States and to visit as many colleges as possible. He will incorporate many of these methods at Hawaii upon his return in August. "Procs" next big job is to land Notre Dame. Captain "Boo" Towse and his Fighting Deans may find themselves well occupied this coming football season.

## Fashion Show To Be Held April 21

A fashion show featuring the national dress of seven different races will be held on the evening of April 21, at the home of Mrs. Walter F. Frear on Punahou Street. Those races which will be represented include the Chinese, the Hawaiian, the Filipino, the Portuguese, the Japanese, the Korean and the haole, Miss Alice Denison who is in charge of the affair has announced.

Mrs. Louise Pinkney Sooy, art instructor, and Miss Betty Steere are assisting in plans for the occasion. Arrangements are being made for the presentation of national dances and songs to complete the program.

## Miller Speaks To Faculty Members

Dr. Frank J. Miller, of the classical language department of the University of Chicago, was the main speaker at the faculty meeting held last Wednesday, with President David L. Crawford presiding. Dr. Miller spoke of the development and problems at the University of Chicago.

William Pulsifer, retired president of the D. C. Heath Publishing Company in New York, was also a guest at the meeting. He is wintering in Honolulu and is much interested in the work of the University.

## FROM PATIENCE GILBERT and SULLIVAN COMIC OPERA

A few from the Orchestra

Prithia pretty maiden will you marry me? I may say at once I'm a man of property Hey Willow Wally O!

Gentle Sir although to marry I design As yet I do not know you and so I must decline To other maidens go you as yet I do not know you Hey Willow Wally O!

## "Y" Conference Plans Complete

### Prominent Men To Be Speakers At This Gathering

According to Lowell Mell, the University Y. M. C. A. secretary, all arrangements for the Seventh Annual Students' Conference to be held at the Waialua fresh air camp during April 5, 6, and 7, have been completed. The program furnishes one of the best opportunities of meeting some of the prominent men of the territory.

President David L. Crawford will be one of the speakers who will address the students at the conference. Such men as Frank C. Atherton, Dr. Paul Withington, and the Reverend Stephen Mark are scheduled to address the conference.

At this conference the students will be given the rare opportunity of meeting one of the most distinguished educators from India, Victor Illhabaksh. Mr. Illhabaksh who is on his way to the Methodist General Conference in Los Angeles this summer, has addressed the members of the Honolulu Ad Club two times by special request. He is a graduate of the Northwestern University where he had majored in visual education. Aside from his scholastic attainments he distinguished himself in athletics during his undergraduate days by making letters in all the major sports.

**LEADERS OF DISCUSSION**  
Among the men who will be leaders at the Camp in various discussions are Dr. William H. George, head of the department of political science, Professor W. Smith, the Reverend G. R. Weaver, of the Hawaiian Board, and Neil Locke, boys' secretary at the Central Y. M. C. A. Vital questions confronting modern college students in relation to religion, sex, vocation, social science, and in other fields will be thoroughly examined by the above men with the students.

Although this conference is under the auspices of the University Y. M. C. A. attempt whatsoever will be made to force religion upon the students, or any other ideas. Generally speaking the camp is for the good of the students who will gain much in their contact with prominent men in exchanging views and ideas, as well as bringing better understanding of fellowship and friendship among themselves.

The mornings will be given over to the addresses and various discussions with the leaders. The afternoons are reserved for meditation, reading, interviews with the leaders and sports.

**50 STUDENTS EXPECTED**  
About 50 students are expected to turn out for the conference. The party will leave on Thursday, April 5, at 2:00 p. m. from the Central Y. M. C. A. The camp will break up at 11:00 a. m. on April 7, in order to allow the students to see the A. A. U. track meet in the afternoon.

Those who are interested in the conference are asked to see Mr. Mell, at the University Y. M. C. A., or Percy Smith, who is in charge of the transportation. \$2.00 will cover the entire expenses for any student who wishes to attend the conference.

## Senate Approves Hawaii Aid Bill

Delegate Victor Houston called to President David L. Crawford confirming the statement which appeared in one of the city dailies, that the Senate had passed the bill for Federal aid for an agricultural experiment station at the University. Delegate Houston says that he anticipates further action in this work.

Because of several old bills which provided Federal aid for carrying on agricultural experiment stations at state universities, and which did not include Hawaii, this action has been taken in order that similar treatment be given to the University of Hawaii.

## U. of Washington Asks Leebrick To Join Its Faculty

Dr. Karl C. Leebrick, Professor of History and Political Science, on leave of absence this year, has received an offer to join the University of Washington faculty, according to information received by President David L. Crawford.

Dr. Leebrick had fully intended to return to Hawaii in September ready to resume his professorship here but he is now undecided as to his plans for the next fall semester as he is much attracted by the Washington offer.

## Adelphai Women Honor Faculty Members at Tea

Members of the faculty were entertained at a charmingly appointed St. Patrick Tea on Saturday at the home of Miss Alice Denison given by the Adelphai Club.

The guests were received by Miss Betty Steere, president of the club and Miss Denison assisted by Mrs. Dora Lewis, dean of women and Mrs. Frank T. Dillingham, president of the Faculty Women's Club.

Miss Olive Day sang delightful Irish songs accompanied by Miss Ruth Martin at the piano. Several women of the Hawaiian group, Mrs. Louise Meurlott, Miss Leonie Schwallie, Miss Beatrice Lee, and Miss Beatrice Buchanan accompanied by Miss Gladys Pearce at the piano, also rendered musical selections.

Decorations in green malle and white tuberoses, carrying out the St. Patrick motif, were used. Each guest was given a corsage. Miss Noelani Schwallie was in charge of this committee assisted by Miss Anna Lange and Miss Peggy Steger.

The St. Patrick theme was also followed in the refreshments of which committee Miss Lillian Abe was chairman and those who assisted in seeing to the comfort of the guests were Miss Ruth Robbins, Miss Dorothy Waldron, Miss Martha Wright, Miss Winnifred Webster, Miss Greta Gluud, Miss Adeline Marques and Miss Alice Bell.

## Aggie Club Will Give Celebration Sometime in May

### Hawaiian Luau to be Climax of Annual Custom

In keeping with its annual custom the Aggie Club will hold a celebration sometime in May in the form of a day of festivities and fun culminating in a luau during the evening.

This will be entirely a college affair and the tickets for the luau will be sold only to the students. William Chalmers is in charge and reports that only 50 to 100 tickets will be printed. Professor John Wise will again be in direct charge of the cooking for the luau.

"The activities during the day will not interfere with classes," said Courtland Ashton, president of the Club, when interviewed. "This is to be a day of fun in carrying out the annual custom," he continued.

As a feature of the program which will be given, handsome trophies will be awarded by the Club to the winners of the fifth annual barnyard golf and checker tournament.

Francis Fong is chairman of the committee in charge and will be glad to furnish further information regarding the rules and regulations.

Entries close tomorrow and all who are planning to compete are asked to sign the entry blank posted on the bulletin board in Hawaii Hall. A small sum of 15 cents will be charged as an entrance fee for each event to help defray some of the expenses in arranging for the tournament.

In citing further activities of the club, Ashton said that Earl Nishimura is having the Aggie pins drafted. The pins will not be radically changed as the plow will still be used as the emblem. A list will be posted on the bulletin board and all who are desirous of securing pins will sign.

## Hale Aloha Honors Two Newcomers

The women of Hale Aloha entertained very informally last Thursday evening in honor of their two new members, Miss Ruth Martin, who has very recently transferred from Dickinson College in Pennsylvania and Miss Margaret Peabody, who is a graduate of Sargeant's in Massachusetts.

The evening was spent in playing games and getting acquainted. One of the games that afforded much originality and amusement was based on the approach of March 17. Each person was given the name of an Irish Lassie, she was then to make a hat of green and white paper with her given initials in front. With her little Irish hat on she was to tell some experience either fictitious or real in an Irish brogue.

Those present at this lovely impromptu evening were: Mrs. Dora Lewis, Mrs. Lenore Hoffman, Mrs. Lillian Larsen, the Misses Ruth Martin, Margaret Peabody, Dorothy Anderson, Alice Bevins, Imogene Benton, Clarissa Coney, Ellen Sisson, Violet MacKenzie, Beatrice Buchanan, Marguerite Louis and Gladys Tam.

## Work on Comic Opera "Patience" Is Progressing

### Dress Rehearsals To Be Held Early Next Week

"Patience," the comic opera that is to be presented on the evenings of March 30 and 31, is coming along at a great rate in all departments of the production, according to Miss Marguerite Louis, president of Hawaii Quill, the organization that is sponsoring the play.

**TICKETS SELL FAST**  
Ticket manager David Yap reports that 50 per cent of the tickets have been sold and it will be only a short while before the remainder pass out of his hands, if the present rate of sale is kept up. He also reports the finest cooperation from his various sub-agents, Miss La Verne Clarke, Miss Peggy Harrison, who is in charge of the booth in Hawaii Hall, Miss Nada Stocks, Miss Gladys Li, Miss Nina O'Day, Miss Lillian Abe, Miss Marguerite Louis, Quill members who are each working for the \$5 prize for the first person who sells 100 tickets.

**GOOD WORK OF PLAYERS**  
The production itself is going great guns. Frank Blasingame, who is connected with the Bank of Bishop, and who is devoting his annual vacation to coaching the leads of the play, says that his charges are doing very creditable work, while Milton Seymour, noted vocal trainer, beams his largest when the subject of his chorus is brought up.

"Stage veterans could do no better," he said.

**DRESS REHEARSAL NEXT WEEK**  
Miss LaVerne Clarke and Miss Flora Woodhull, who, besides taking part in the play proper, are also taking charge of the costumes, state that all will be in readiness for the dress rehearsals that are scheduled to take place on the stage of the Mission Memorial Hall early next week.

Posters advertising "Patience" have been distributed among the leading stores, flower shops, and hotels in Honolulu as well as in the high schools. Many of these posters were done by hand at the poster party held at the home of Helmut Hoerman last week. Stickers of the same nature have been widely distributed on campus and down town automobiles, it further announced.

**TO TAKE PICTURE**  
Arrangements have been made with officials of the General Motors Export Corporation in Honolulu to have pictures of the cast of "Patience" taken with some of their fine cars as a background. These pictures will be run in either the Saturday Star-Bulletin Automobile Section or the Sunday morning Advertiser.

David Yap wishes to further announce that tickets should be purchased "with avidity," as they are not expected to remain on hand long. They may be obtained from any of the persons mentioned in the foregoing paragraphs, or from the Honolulu Music Company, on Fort Street just above Hotel Street. The tickets thus purchased will be exchangeable at the Honolulu Music Company on or after March 26.

## Chem Fellowship of \$1000 Yearly Given By 2 Firms

Fellowships have been established by the Goodyear Tire and Rubber Company and the Firestone Tire and Rubber Company for the encouragement of graduate research in the chemical problems connected with the rubber industry.

Each Fellowship provides \$1000 for the college year and is open to all graduates from chemical courses of approved institutions. The University will exempt the Fellows from the payment of all fees, tuition and breakage.

The student is required to do a maximum of nine hours of laboratory supervision, the remainder of his time to be devoted to research work. It is possible for a man to hold one of these Fellowships by presenting a thesis and passing the examination to secure a master's degree at the close of the year.

Candidates for these Fellowships should file their applications with the Director of the Knight Chemical Laboratory not later than April 1, 1928. The University of Hawaii has application blanks and they may be obtained from the department of chemistry.

## VARSITY BALL SQUAD GOES TO BIG ISLE

### Squad of Fifteen Men May Make First Hawaii Trip

### PLAY FIVE GAMES

### U. H. Team Sails Next Week for Kona on S. S. Hawaii

Hilo and the rest of the Big Island will be in line for several snappy exhibitions of the great American pastime when the University of Hawaii baseball team embarks next Thursday for the Kona coast and Kailua on the S. S. Hawaii. Manager Ed Towse states that the team will play a five game series with the best opponents the horse-hide experts of Hawaii can get together. The first game is to be played with Kona-Waena, mentored by Louis Collins, former Dean athlete, the same afternoon of the day on which the University ball team arrives at Kailua. Saturday afternoon the Deans will take on an All-Star Kona aggregation, and plenty of fireworks are promised for cash customers. That same evening, the entire U. H. team is to be entertained by Julian Yates, well known figure on the Big Island, and the luau and dance should furnish weary Deans with the necessary incentive to finish up the remaining games in classy fashion.

**OPEN LEAGUE**  
Sunday morning the Varsity motors to Honokaa where they formally open the Honokaa League by clashing in an exhibition game with an All-Star team composed of league players, the best which Kona has to offer.

**PLAY HILO HIGH**  
That night the U leaves for Hilo where Hilo High will be engaged and on either Tuesday or Wednesday the Hilo Electric team of the Hilo Commercial League will cross bats with the Deans. Both games will undoubtedly be featured with a great deal of classy ball and some airtight pitching is expected. Lefty Ishii, southpaw U twirler, is well known on Honolulu diamonds and will give the Hawaii fans a real exhibition.

**FIFTEEN MEN MAY GO**  
Other Deans who will make the trip are Y. Tanaka, Dean Ishii, H. Okumoto, Lemon Holt, Fat Nakamura, Joseph J. Gerdes, Eddie Fernande, and O. Ogawa. K. Koihi, R. Uyeno, M. Matsusaka, and Speed Siebert will also take part in the invasion if their studies are up, notwithstanding. Coach "Chuck" Horton and Manager Ed Towse will accompany the squad and it is hoped a good time will be had by all.

## K. C. Leebrick is Director of I. I. R.

Dr. K. C. Leebrick who is now on a year's leave of absence at Syracuse, N. Y. is to be director of the Institute of International Relations for the northwest session to be held in Seattle, July 22 to 27.

The institute has for its purpose the serious study of the problems involved in international relations, in the belief that an understanding of such problems is perhaps the greatest single need of the present decade. While the interest of the institute is in general international affairs, the summer conference will stress the problems of the Pacific and the Orient, relations with Great Britain and problems in international education, international organization, international commerce and finance. It is an attempt to provide on a modest scale for the people of the Pacific coast the opportunities for instruction and discussion as are provided through the institute of politics at Williamstown, Mass., and the Institute of Pacific Relations at Honolulu.

### SOPH-SENIOR DANCE

Plans for the Sophomore-Senior Dance are on their way to completion. April 21 has been set aside for the night of the affair that will be given in the library. Charlie Cooke and the other officers are working hard to make the party a Big Aloha to the seniors.

Basketball men at Ohio Wesleyan University are forced to wear galoshes. According to Coach Detrich, it speeds up their foot work and protects them from colds.

Ka Leo o Hawaii

"The Voice of Hawaii"

Stage Is Set

"The dream of the establishment of an international research institute in tropical agriculture at the University of Hawaii" will be a reality in the near future if the bill now before Congress providing for the extension of federal aid is passed. According to the latest information the bill has been favorably received by the committees of the House and the Senate and by President Calvin Coolidge, and has been passed by the Senate.

The idea of establishing an outstanding agricultural school at the University and of creating an agricultural research institute and a graduate school of tropical agriculture has not been an idle vision, but a steadfast goal towards which conscious effort and time have been directed.

Those who were interested in pushing the project through encountered many difficulties. The task of gaining sufficient support for the undertaking in Washington was fraught with all sorts of obstacles. Misunderstandings, discrimination, and inertia had to be conquered.

To justify the extension of federal aid to Hawaii, to eradicate whatever misunderstanding in regard to the position of the University, and to inculcate the need of appropriation to further agricultural work here, President David L. Crawford issued a pamphlet entitled "Hawaii's Position in Experiment Station Appropriation." The pamphlet, together with the work of Delegate Houston, Governor Farrington, and of President Crawford, have done much to change the attitude of federal officials and Congressmen toward the question of federal aid to Hawaii.

Now more than half of the battle is over, thanks to the initiative and work of Hawaii's outstanding men.

In anticipation of the establishment of a great agricultural institute, plans have already been partially formulated. Work on a general program of study, the acquisition of a competent research and teaching personnels are under way.

The stage is now actually set for the establishment of an international research institute in tropical agriculture.

A Better Paper?

Ka Leo is essentially the organ of the A.S.U.H. and as such it is a cooperative, enterprise of the entire undergraduate student body. It is not merely the publication of a few selected persons nor of the Journalism Class.

Ka Leo is partially financed by the University students. Unquestionably students are entitled to the best paper, containing live news as well as educational articles. Whenever Ka Leo does not come up to its expected standard, the students have the right to demand the resignation of the management.

By the very nature of the organization of Ka Leo, and the amount of time available, there have been many shortcomings in the weekly. Often times news have been overlooked, old news have appeared in its columns, and the English has not conformed to the strictest grammatical usage.

But to render destructive criticisms is by no means a solution. The pointing out of every minute error in spelling and in grammatical construction and the application of such epithets as "rotten paper" and "dead paper" do not go very far in helping to produce a better publication. We are not endeavoring to produce literary masterpieces, but we are trying to give as much as possible in fairly understandable English.

Holding up Ka Leo to the ridicule of the students not only shows the shallowness of one's character but also reflects upon the student body as a whole.

No doubt destructive criticisms have their place; but for progress and improvement, suggestions and help are essential.

By contributing news and articles of interest to the University and by writing them up in clear, forceful English, students and faculty members can help to make Ka Leo a better weekly. The staff can never hope to cover all happenings on the campus. The editors will be glad to be notified of any news on the campus, and seek the cooperation of the students in this respect.

Oahu Schoolmen's Club Plans Picnic

An outing and dinner have been planned by the Oahu Schoolmen's Club for the afternoon and early evening of Saturday, March 31. The Kanehameha beach house and grounds have been obtained for the occasion.

During the afternoon, games of horse shoe, volleyball, pushball and playground baseball will be played. Delicious "eats" are in store for those who attend. There will be only one short address and a "sing-song" around a large bonfire will conclude the day's and evening's festivities.

This outing promises to be a day for fun only (and probably sore muscles the next day!) and all men engaged in professional educational training of the public schools, private schools, the Normal and the University are urged to attend and join in the merrymaking.

Engineering Units To Be Ready Soon

The four units of the engineering buildings which are under construction are rising rapidly. Tile work on three units have been completed; plaster work has been finished on two; the floor has been laid on one. Three of the four units will be completed by the next two weeks.

There are now 15 men at work in the building of the structures. As the contract calls for the completion of the entire four units in a little less than five weeks more, more men will be called as soon as the plastering work is done.

Bids are now called for to construct a new biological building on the Campus. Bids will be opened April 16.

CAMPUS DAY TO BE HELD COMING FALL

Fair Interferes With Annual Custom in May

LUAU A FEATURE

Varsity-Alumni Game And Fashion Show on Program

University Day which has formerly been held in the spring, will be postponed till the fall because the Territorial Fair will also be held in the spring, according to President David L. Crawford.

The University will devote its efforts to the Fair as there are many exhibits from the art, engineering, science and agricultural departments shown at the Fair. Advance in the work of the experiment station has always been one of the important features in connection with the University exhibits.

ALUMNI HOME COMING

University Day this year will take the form of a home-coming for the alumni and a welcome for visiting friends in the morning with a football game between the alumni and the Varsity team as an afternoon attraction. This great day will also serve as an opportunity to have an exhibition of our own, showing all of the work and the progress made. It is believed that there will again be a fashion show of street dresses and beautiful evening gowns, which the students themselves have made, displayed by the household art department. The fashion show will probably be held in the forenoon. However, this is only one phase of the exhibits which will be on display.

HAWAIIAN LUAU

After the football game, as a climax to the day's festivities, a good old fashioned luau will be held with John Wise, professor of the Hawaiian language, in charge. All those who attend the luau held last year will recall the delicious Hawaiian food of puaa kalua, laulau, chicken, salmon and the delicacies, haupia and kulolo. Many who were not able to come, regretted that they had missed an opportunity to partake of a real Hawaiian luau.

During the luau a program will be given, probably consisting of several of the old time hulas, men's and women's fencing matches and music. The preparations as yet have not been made definite.

Five Dollars Offered For Best Poem in Hawaii Quill Contest

Place all poems for Hawaii Quill magazine in the box marked Hawaii Quill in the University Library, before next Monday noon if possible. If not, please confer with Marguerite Lewis or the poetry advisors. If you wish to make a later entry. Please have manuscript typewritten, and without your name. Be sure to give it a title. Place your name and the title of your poem in an envelope addressed Hawaii Quill Poetry Contest, Marguerite Lewis, Promptness will assure you an early reading by all the judges, and give you time to make proper corrections on your work, give it that fine finish that aids toward perfection. From the verse selected for Hawaii Quill, the best manuscript will be awarded a prize of five dollars. The next two will be given honorable mention. The committee hopes that both serious and humorous verse will be offered. Finish your poem and submit at once.

JANE COMSTOCK, Chairman, Poetry Committee.

A Suggestion

Sometime last year, before Burt Adams Tower passed away, he presented the University with a beautiful marble statue. Since then it has been kept in the magazine room of the Library where no one but the Library staff could see it.

Why can't the statue be put somewhere so that the whole student body can look at it? The librarian will be very glad to cooperate with the student body and put it where its beauty can be admired. If the librarian could purchase a suitable stand with the money left by the class of '27, a proper place could be selected in the Library or in Hawaii Hall where the statue can be appreciated and looked upon as a gift from one of the former members of the faculty.

May June Almos, who takes the leading role in "Patience," sponsored by Hawaii Quill

Student Designers Plan Costumes for Hawaii Quill Play

Beautiful costumes for "Patience" are being made according to Miss Flora Woodhull, who is in charge of costumes. She and her assistant, Miss La Verne Clarke, are doing all in their power to make the costuming very beautiful.

Miss Clarke is costuming the 20 love-sick maidens. They will wear soft flowing Grecian costumes in the first act in harmonizing pastel colors and modern evening gowns of sheer organdie in bouffant style with long full skirts and enormous picture hats. The color scheme is being carefully studied and arranged by Miss Woodhull, who has had a great deal of experience in stage costuming before and who has had expert training under the direction of Madam Anna Dahl in costume design and appreciation.

Each of the maidens is being studied individually for her type and color and then the costumes must all be subordinated to the whole color scheme. Mrs. Pinkney Sooy, head of the art department is offering her assistance as advisor for the costuming and stage settings for the play.

The men are all being measured too for their uniforms which will be cut and fitted by a tailor and finished by Miss Woodhull and her assistants. The men will wear red tailored coats and white duck trousers with yellow stripes. Those helping Miss Woodhull and Miss Clarke are Miss Noelani Schwalle, Miss Edith Greig, Miss Grete Gluud and Miss Lillian Abe.

U. Military Ball Nets Big Profit

With the cooperation of members of the cadet corps, the recent military ball sponsored by the Officers club went over the top with 112.47 profit.

Expenses amounted to \$86.63 and the sale of tickets amounted to \$199.50. The goal for selling tickets was set for \$140 but \$59.50 over this amount was realized.

Members of the University alumni were back of the University in making the ball a success. D. H. McLehman donated \$5; Alexander Cornellison contributed \$2; R. Lum, Dr. C. H. Cooper, T. S. Sakamaki, R. Jacobson, J. K. Butler, Yang C. Ching, Dr. Whittington, R. Cloward, A. McGill, Colonel Smoot, A. W. Duvel, and many others helped toward increasing the amount for the further usage by the military department in carrying out its program for this and the following year.

According to ticket sales among the various companies the cadets of Saturday Special came out 100 per cent; Co. K, 66; Co. L, 60; Headquarters Co., 53; Co. M and Co. I, tied with 48; Band, 47, Howitzer Co., 40; and Co. H, 29 per cent.

KIRKPATRICKS MOVE

Dr. and Mrs. Paul Kirkpatrick moved last week to their newly purchased home on Atherton Road. The Kirkpatricks were formerly next door neighbors to Professor and Mrs. J. M. Baker.

A Buggy or Hack, Have You Got It?

"Oh, my new dress for an old fashioned horse and buggy or hack," cries Miss Marguerite Louis, president of Hawaii Quill, for the Patience parade for Saturday."

So, fellow students, if you know of anyone who possesses such an antique thing as a hack or buggy, please communicate with Miss Louis before Saturday.

Even in this day and age of modern civilization of high-powered speedsters (and even the partly dilapidated Ford) there may be one hidden somewhere in the recesses of a dark basement. Come to the rescue of Hawaii Quill because the success of "Patience" is also the success of the University.

"A friend in need is a friend indeed" and this request of an old buggy or hack is urgent and will be duly and fully appreciated by Hawaii Quill if fulfilled.

WANTED—A BUGGY OR HACK, OLD, NEW, OR OTHERWISE.

Sunshine and Air Good for Old Hens Experiment Shows

An experiment just completed by Professor Charles M. Bice of the poultry department revealed an increased egg production amongst old hens by 48 per cent. 24 old hens were confined for a period of six months. These were let out in the open; an increase of 48 per cent in egg production was the result.

This experiment brings out the advantage of letting chickens out in the open where there is an abundance of sunshine and air.

To date, 3100 baby chicks have been hatched in the poultry farm. At the present rate of hatching which is about 1000 a month, there will be 4500 baby chicks by the end of April. 1500 pullets will be obtained from this number.

Mr. Bice expressed great satisfaction with the 51 special students who are taking up the course in poultry work. Attendance has been exceedingly good; particular interest emanates from this group. Six lessons have been given; four more are yet to be given.

U STUDENT ON MAINLAND

Ah Pung Chock, '28, is now attending the Northwestern Dental School. While in the University of Hawaii he played guard in the Varsity basketball team and was selected all star in 1926. His brother Wah Yoke Chock is also taking up dental work in the same institution. His younger brother James Chock is a freshman in this institution. He graduated from the Hilo High School in three years with high scholastic honor and is now registered in the Pre-Medic course.

Women students attending the University of Texas are forbidden to have more than three dates a week.

It has been estimated that approximately 50,000,000 cigarettes are consumed by the students of the University of Pennsylvania each year.

Master English Is Message of Oren Long To Japanese

"You young people should strive to master the one tool of prime importance, the English language. It is a wonderful, beautiful tool, the cultural heritage of the American people."

This was the message presented by Oren E. Long, deputy superintendent of Public Instruction, at the meeting of the Japanese Students' Alliance held at the Territorial Normal School, Saturday, March 17 at 8 o'clock.

"By and large, the problems you are facing are not peculiar to you. Those problems are faced by any group of students here as well as in Kansas, Illinois, etc. Regardless of our cultural background, we are all alike. Therefore, we must face our problems, solve them, and make the most of our opportunities." With these remarks, Mr. Long concluded his address.

Approximately 250 students were present at the monthly meeting of the alliance. A short business program was held. The meeting was in charge of the Normal School Unit of the Alliance.

Many good features were presented during the evening. Mass singing, vocal solos, classical dancing, address by Mr. Long, cherry dance were some of the items on the program.

The evening was concluded by a grand march and dance.

Miss Mansfield is Honored by Friend

Miss Hazel Mansfield of the San Francisco Chronicle, who is known to thousands of California children as "Aunt Dolly," was the incentive for an "at home" given by Mrs. John Mason Young last Sunday afternoon to which members of the League of American Penwomen were invited to meet this charming visitor.

The honoree, who is a personal friend of Mrs. Young, is just completing a world tour on the Empress of Scotland for the San Francisco Chronicle. She was sent by the paper to write up for the children's page of the various interesting and foreign cities of the world. Her articles are published every Sunday and are used by 70,000 California children as a basis for geography.

Miss Mansfield is a charming young woman, possessing a winning personality. She is very enthusiastic over her work and is known not only to children but also to adults as "Aunt Dolly."

Miss Mansfield gave an interesting and delightful informal talk on her travels and of the different places which she had visited. She told of the tragic and sad end to the plans for Doll Day which was to have been celebrated in Japan but which was abandoned because of the death of the little Princess of the Imperial Family. Thousands of dolls had been sent for the occasion.

Among the guests present were Mrs. Adna G. Clark, president of the local League and Miss Florilyn Cadwell, chairman of the committee on credentials.

Father (attending classes with son): The man erasing the board is very distinguished looking. Does he make a good professor?

Son: Dad, that's the janitor.

—Cornell Widow.

# SOPHS WIN INTER-CLASS MEET

## FARDEN SHOWS WAY, SCORE 60 1-3 POINTS; JUNIORS ARE SECOND

Friel and Penhallow Shine for Frosh; Myatt Breaks Own Record in Half-Mile Walk

Led by their flashy captain, Bernie Farden, the Sophs romped all over the rest of the University and grabbed premier honors in the annual inter-class meet, garnering 60 1-3 digits. The Juniors took a creditable second, scoring 49½ points, while the mighty Seniors followed with 41 1-3, and the Frosh brought up a most glorious rear with 29 5-6 points to everyone's disgust. SOPHS SHOW HEELS

Sophomore speedsters, Farden, Cooke, Wakatake and Chun, were responsible for the victory, and the overwhelming lead piled up in the sprints by these men assured a Soph walkaway. Smythe took the only other first place for the class of '30, outside of the dashes, when he grabbed a close five points in the pole vault.

### MYATT BREAKS RECORD

Captain H. W. Ching proved to be the mainstay of the Senior squad and garnered some 17 points for his class in about five different events. Perambulating Jack Myatt had things his own sweet way in the half mile walk and turned in a new Island record of 3:43.8, although we are forced to announce that official A. A. U. sanction will not be given the mark. Coach "Spud" Harrison says he doesn't care whether they allow it or not because the ambitious Senior will break the mark in the A. A. U. meet, so why worry. Walter Holt appeared on the field a few minutes late, but in his imported Cambridge University outfit, which nevertheless helped him to win the discus for the Seniors with a fair heave of 110 feet flat.

### JUNIORS PLACE SECOND

The up and coming third year men under Al Giles made a classy showing, and mainly through the efforts of the bounding Giles, came up to second place with 49½ as their total. Whittle, Sweezy, Tom Maeda, and Antonio Cruz, holder of the Island javelin record, swelled the Junior total to take first places in their respective events.

### FROSH SURPRISE

The surprise of the meet was the dandy showing made by two Freshmen, Corny Friel, class captain, and Chad Penhallow, who is evidently bent upon following in his famous brother's tracks. Penhallow took the blue ribbon place in the century novice from a crack field and equalled the time of 103-5 seconds made in the senior race. Harrison may develop the first year man into quite a furlong and century burner. Friel won 12 of the 29 5-6 points made by the yearlings, tying with Steere for first in the high jump, winning the broad jump, and placing in the pole vault, besides running a lap on the Frosh relay team. Philpott also earned several digits for the first year men.

### RESULTS OF THE MEET

Results of the meet have given Coach Harrison a good line on the various individual possibilities on the team and he now plans to proceed in developing material where it will do the most good. The complete fallacy of the "zero train" idea was also proven, much to the Sophomore's disgust.

100 yds. Open—First, Wakatake (Soph.); second, Ching (S.); third, Farden (Soph.); fourth, Giles (S.). Time: 103/5 seconds.

100 yds. Novice—First, C. Penhallow (S.); second, C. Cooke (So.); third, A. K. Chun (So.); fourth, Tanaka (So.). Time: 103/5 seconds.

220 yds. Hurdles—First, H. W. Ching (Sr.); second, K. T. Lee (Sr.); third, W. Vannatta (So.). Time: 27 flat.

440 yds. Run—First, Wakatake (So.); second, A. Giles (Sr.); third, W. W. Ching, (Sr.); fourth, B. Far-

den (So.). Time: 54 1/5 seconds. 880 yds. Run—First, T. Maeda (Sr.); second, W. Lindsey (F.); third, W. MacFarlane (So.); fourth, J. Sweezy (Sr.). Time: 2 minutes, 13 2/5 seconds.

Half Mile Walk—First, J. Myatt (Sr.); second, P. Smith (Sr.); third, M. Dease (So.); fourth, J. Jensen (Sr.). Time: 3 minutes, 34 4/5 seconds.

Shot Put—First, A. Wriston (Sr.); second, L. Holt (F.); third, Whitman (So.); fourth, M. Peterson (So.). Distance: 38.76 feet.

High Jump—First, Friel (F.); second, Steere (Sr.); third, W. Whittle (Sr.); fourth, Westgate (So.). Height: 5 feet, 8 inches.

Pole Vault—First, Smythe (So.); second, Friel (F.), Chong (So.) tied; third, Jensen (Sr.), Whitman (So.), Yikittoma (Sr.) tied. Height: 10 feet.

120 yds. High Hurdles—First, Whittle (Sr.); second, Ching (Sr.); third, Ferreiro (Soph.); 4th, Vannatta (Soph.). Time: 18 4/5 seconds. 220 yds. Dash—First, Wakatake (Soph.); second, Ching (Sr.); third, Giles (Sr.); fourth, Cooke (Soph.). Time: 23 4/5 seconds.

Broad Jump—First, Friel (F.); second, Ching (Sr.); third, Whittle (Sr.); fourth, Philpott (F.). Distance: 19 feet, 11 1/2 inches. Javelin—First, Cruz (Sr.); second, Westgate (Soph.); third, Whitman (Soph.); fourth, Holt (Senior). Distance: 163 feet.

Discus—First, Holt (Senior); second, Peterson (Soph.); third, Philpott (F.); fourth, Whitman (Soph.). Distance: 110 feet. Half Mile Relay—First, Soph. (Cooke, Chun, Wakatake, Farden); second, Juniors; third, Frosh; fourth, Seniors. Time: 1:37 1-5.

### Neuffers Give Informal Party

Dr. Leonora Neuffer and Professor Alfred Neuffer entertained for a small group of friends last week at their home in Manoa.

A delicious supper preceded the evening's gaiety. Professor Lockwood Myrick entertained the guests by rendering a few piano solos, generously offering encores to the appreciative audience. Dancing made the evening pass away pleasantly.

Those who were present at this occasion were Mrs. D. Lewis, the Misses Margaret De Ware, Imogene Benton, Clarisa Coney, Hortense Hallock, Etta Radke, Sylvia Dean, Dr. P. Bachman, Dr. T. Bailey, Messrs. Ben Dorfman, Joseph Gerdes, Earl Bilger and Macks Magarian.

A suggestion was made at the convention of the National Student Federation of America that professors should be ranked A, B, C, as students are. It was also suggested that students should have a voice in the establishment of curricular requirements.

The fraternities at Lawrence College, Appleton, Wis., hold an annual inter-fraternity horse-shoe tossing contest.

## U. Tennis Club Defeats Manoa

### Deans Drop Only One Individual Match Thus Far

The University Tennis Club defeated the Manoa Tennis Club 5 matches to nothing this past weekend. Thus far the varsity aggregation has dropped only one individual match.

Kawahara defeated Richard Pond 6-3, 7-5 in a fast match. He proved to be too experienced for his younger opponent and met all of Pond's attack with adequate returns.

Tushima again showed his uncanny accuracy in picking off the corners by defeating Carpenter 6-0, 6-1. The Manoa Club man displayed flashes of form during the match when he was unbeatable but this was offset by erratic periods.

The Dease brothers had a difficult time with the Dunham-Guard combination. Dunham's overhead was especially strong while Guard's lobbing and wicked forehand drive were always dangerous. The Dease brothers managed to keep going long enough to pull out the match 7-5, 7-5.

Black and Cushnie got off to a poor start by losing the first set, but came back to win the next two sets and the match. Their opponents, Stickney and Morgan played steadily. The score was 4-6, 6-3, 6-9.

Lydgate and Shitamae won from Olsen, 6-1, 6-3, 6-4. The former as usual performed well at the net while his mate supported him from half court in great style. The superior net play gave the varsity players the victory over their opponents.

This is the first of the series of league matches to be played at the home court this season by the varsity racket-wielders. The courts have been recently repaired.

Officials at the matches were M. Whitman, S. Herbert, Harold Oda, and Joe Gerdes.

The cost of a college education is about \$1500.00 a year for the average college students as compared to \$125.00 a hundred years ago, according to the student publication of William's College.

## Evening Is Spent Making Posters

A most enjoyable evening was spent by a group of Hawaii Quill members at the home of Mrs. Maria Hoerman, Friday evening, March 16. A most original and unique party after the style of the old fashion quilting party was arranged by the hostess. Enormous quantities of beautiful emerald green and magenta and ultramarine paint with scores of brushes were placed at their disposal, and the members felt as if at last "they could splash on tan-leagued canvas with brushes of court's hair."

Helmuth Hoerman rendered an old fashioned German solo and an interesting discussion of "modern Art" occupied the members after which they decided to make some futuristic modernistic posters which are very attractive and are causing a great deal of attention. At midnight refreshments were served—hot chocolates with marshmallows, cookies and cakes.

Those who served were Miss Ethel Widdifield, Miss Peggy Harrison, Miss Ethel Franson and Miss Greta Gluud. Among the men who did exceptionally fine work were Percy Smith, Bernard Hoermann, Peter Pringle and Keith Wallace. Marguerite Louis and Frank M. Blasingame joined the group later in the evening after "Patience" practice, just in time for refreshments.

### Vocabulary of a Co-ed.

1. Charmed, I'm sure.
2. Shall we sit this out?
3. Please don't do that.
4. Do you think it's nice?
5. What would you think of me?
6. Let's go in.
7. Well, if you'll behave.
8. Take me in.

When a freshman doesn't hear plainly the professor's question, he says, in a subdued tone: "Pardon me, Professor, but I didn't understand you." The sophomore says: "Will you please repeat your question?" The junior says, "What, sir?" The senior says: "Huh?"

—The Volante.

The student growing the largest moustache in the space of one month will be given a free subscription to the college newspaper at the University of Arkansas.

## Winners of Contest Declared Ineligible

To arouse greater interest in forensics at the University, it has been suggested that the winners of the previous Berndt Contests voluntarily declare themselves ineligible to compete in the annual Berndt contest in public speaking to be held in May.

It is the belief of those in charge that the elimination of the winners will induce more students to try for the prize and also to create greater enthusiasm for forensics.

The topic of the contest this year is the American Policy in Nicaragua. Already many students have declared their intentions to compete in the contest and have begun to work. The library has set aside a reference shelf where books and periodicals on the subject may be secured.

The preliminaries will be held early in May, at which time eight or ten contestants will be selected. The finals will be probably held in the Mission Memorial Hall, early in May.

## Deans Defeat Rangers 1-0

### Chance To Represent Oahu in Island Series Good

Starting the cup tie series with a vim that presages much for the Deans towards winning the Inter-island championship, the Rainbow aggregation stepped all over the Rangers last Saturday afternoon to the tune of one point to zero.

Spurred on by the loss of the primary series by an infinitesimally small margin, the Manoa lads flashed the best soccer seen on Makiki Field this season, in the opinion of experts present at the game.

#### CURTAIN RAISER

The afternoon was opened by a game between the Koreans and the Honolulu United, a newly formed soccer outfit. The latter team, despite their greenness, held the veteran Koreans down to a one point margin, the final score being 2 to 1.

Then came the classic of the afternoon's entertainment. Starting the game with a vigor that no one on the side lines expected to last more than the first quarter, both the Rangers and the Deans displayed their best, and a fierce half resulted.

#### FIRST HALF SCORELESS

For the first period both teams struggled frantically to score but with no other result than to cover the whole field in their desperate drives. Goskirk, Wink, and Simpson furnished perhaps the most spectacular playing for their side, while Dease, Caddick, Judd, Däs, and Steere displayed their usual brand of heads up football.

#### CADDICK BOOTS LONE GOAL

It was in the second stanza that the lone score of the game was made. Inside left Caddick, in cahoots with his backfield, who saw that the Ranger interference was kept out of the way for a few seconds, and outside right Kai, who centered the ball for him, booted the aforementioned pigskin through the uprights.

It was a beautifully executed play, and was only one of the machine like performances pulled off during the course of the afternoon.

Many drives were made toward the enemy zone, but the Rangers, themselves one of the best organizations in the league, had a few tricks stored away, and further scoring on the part of the Rainbow crowd was prevented.

For their own part, the Rangers did their best to turn the tide, but their creditable efforts were of no avail. Hart made some nice corner tries, with Rattray, Taylor, and Lamb showing the best playing they have displayed this season, but all attempts were efficiently blocked by the Rainbow defense.

## Chem Class Enjoys Suki-yaki Party

Forgetting their Bunsen burners and test tubes for a while the members of the physical chemistry class kept themselves busy with charcoal burners and chopsticks at a Suki-yaki party held at the home of K. Inouye, at Austin Lane, last Friday evening.

The "banquet" consisted of the choicest food prepared in genuine Japanese style. Two charcoal stoves on which the kaukau was kept steaming on frying pans were placed on a long low table around which the host and guests squatted (shoes were dispensed with, and everything harmonized with the Japanese atmosphere except that the guests were not garbed in kimonos). The host cooked the chickens, fish, and vegetables and served them hot from the stoves. In accordance with Japanese custom the fortune of each participant was told. Card games followed and tea was served.

Those who attended were Prof. Earl M. Bilger, Mr. M. Magarian, James Wong, George Eguchi, K. Inouye, Z. H. Yuen, Victor Rijoff, S. H. Yang and Tai H. Hong.

## Graduates to Help Entertain Seniors

The alumni will join the junior class this year in entertaining the seniors. They are going to be hosts at a banquet that will precede the usual dance sponsored by the juniors. The celebration will take place sometime toward the end of the semester and will be held at either the Elks' Club or the Country Club, which ever proves more spacious.

Mrs. Doris Keppler who has been appointed head of the committee for the alumni is working hard to make the evening a success.

The old "grads" in reminiscence and the juniors in anticipation are planning to give the class of '28, a real memorable send-off.

Milton Seymour, a noted vocal trainer, who is the musical director of "Patience"

## "U" Students at Chop Sui Dinner

The Headquarters Co., Second Battalion of National Guard held its annual chop sui dinner on March 14 at Sai Fu Chop Sui House. There were twenty people present. Among the guests from the University were Miss Asako Kutsunai, Koichi Harada and "Balloon" Sakimoto.

"Col" Yuen, the hard boiled top sergeant of the company gave his conception of the dinner and how it could be improved next time. Ed. Kushi and R. Kaneko also made brief speeches. Lieutenant MacDowney spoke in behalf of the company stressing the fact that cooperation and understanding in the company is most essential. The dinner ended with the singing of Aloha Oe.

## June 5 Is Set For Wedding

Miss Jean Widdifield, who recently announced her engagement to William Moragne has set the day after their graduation, June 5, for the date of the wedding.

Her bridal party will consist of Miss Ethel Widdifield and Miss Catherine Moragne. The groom has chosen Percy Lydgate for his best man.

The wedding will take place in the evening at the home of the bride, 2121 Atherton Road.

## Hawaii Quill Given High Compliment by Charmian London

The Hawaii Quill, recently favored with several delightful talks from Charmian London, wife of the late novelist Jack London, received these kind words in a note to Mrs. Adna G. Clarke:

"Dear Jane Comstock Clarke: This city is too good to me and there are few moments left for poetry. I've enjoyed 'The Bum Bugler' and his mates immensely. Like Kipling, you are unique in your field, and unique is a big word, you know. There isn't a dull voice in your book. I've a number of favorites. One of them is 'Departed Minstrels.' I've an idea you have a fondness for it, too. Am I right? Thank you so much for it and all your book.

I found the Hawaii Quill Magazine—articles and verse—sparkling and provocative of admiration as well as laughter. It's a splendid attempt all through, and I'm 'tickled pink' to have it—especially with its signatures to make it personal. I enjoyed my evening with you all. I wish the days were longer so that I could know such young folk more closely. They were charming and I was more drawn to them than they or you could know. And I'm happier for having been in your home too. When the package of 'Logs' comes, I'll redeem my promise.

Best to you both from, CHARMIAN LONDON."

The Quill sincerely appreciates this letter and especially thanks Colonel and Mrs. Clarke for their cooperation in making that meeting so entertaining.

## Good Stick Work Wins For Varsity Against Honirons

### Manoaites Roll Up a Total of Five Tallies

Concentrated base hits won the game for the Deans last Saturday afternoon from the Honiron ball players, the final score being 5 to 1 in favor of the Manoaites.

First to score were the Iron men. Early in the first stanza, Oliveira of the Hons rambled around the bases for the only tally as the result of three successive hits.

This woke the Deans up, and Lefty Ishii of the Rainbow nine tightened up on his tossing and allowed no repetition of the play for the next eight periods.

#### VARSITY BEGINS

It was not until the fourth inning that the Varsity aggregation came within scoring range of the enemy, and lost time was immediately made up with the successful completion of two nice tallies, per Narita and Nakamura. Narita made first, and when Fat Nakamura connected with a hot ball from Ginella, both boys came home.

Next stanza the boys went one better, scoring three runs, this time supplied by Okumoto, Ishii, and Tanaka. Okumoto opened the chapter with a single, making first. Ishii walked to his place, forcing him to move on to second.

A triple to left field from Tanaka came along in just the right place, with the result that the base runners went home, and he himself got back safe on a timely single delivered by Narita to right field.

For the next four rounds nothing happened and the battle ended up five to one in favor of the stick wielders from Manoa.

## Prep Schools Help To Rebuild Range

Punahou and McKinley high schools have both contributed \$25 each toward the reconstruction of the University rifle range to its present condition.

Until very recently the rifle range which is located back of the dairy towards the hill was in a very poor condition. The mound was so low that the cattle often trampled over it and destroyed the walls. Now there are four strong walls around the mound which will last for years; the cattle cannot get on it any more because it is about four feet high.

The fifty dollars contribution and a part of the proceeds of the last military ball are going to be used to pay for the expense incurred in constructing the mound.

## Fencing Tourney to Be Held Saturday

Candidates for the fencing team will enter the final round of elimination next Saturday when the foils tournament will be held on the Club-house grounds at 11:30 a. m. The purpose of the tourney is to select the team which is to represent the University of Hawaii against Punahou Academy April 13, in the first and most important clash of the entire season. The three men who, at the end of the tourney, have won the most bouts will make up the University squad. Those men entering the trials and conceded excellent chances of carrying off winning honors are Matland Dease, "Lew" Wallace, Lee Browne, "Plunger" Paten, and Goo. Assistant Instructor of Fencing John Devereux will act as judge of the trials in view of the forced absence of Coach Joe Swezey. Both coaches are confident that their proteges will demonstrate fencing in its best form and feel that the respective pupils have greatly benefited from this activity.

As a minor sport, fencing is new to the campus, but in view of the enthusiastic turnout and the continued interest in foils it is probable that some suitable consideration may be granted to members of the team; provided of course that fencing becomes a regular sport and is recognized at the University.

## Atherton to Speak At Cosmo Luncheon

Frank C. Atherton will speak on "The League of Nations" at the Cosmopolitan Club luncheon this Saturday from twelve o'clock to one at the newly built Army and Navy Y. M. C. A.

This meeting is in the nature of a farewell to the three debaters. Each of them will be asked to say a few words. The debating team consists of Walter Mihata, Stowell Wright, and Ah Ho Chun, who will begin the tour on May 15.

Besides the members of the University Cosmopolitan Club, there will be present about a hundred other people from town, including representatives from the different high schools of Honolulu.

## 7 Fresh in R. O. T. C. Are Good Marksmen

Seven freshman R.O.T.C. cadets have proved to be good riflemen, although many of them have never handled any rifle before.

Cadet K. Okamoto and Cadet E. S. Kamei both made 47 out of possible 50 points in slow fire, prone position. This is a good showing when compared with the records set by cadets of the upper classes.

Those seven cadets who showed up at the range last week are Cadet K. Okamoto, Cadet M. Uchimura, Cadet H. G. Nakashima, Cadet H. H. Smythe, Cadet E. S. Kamei, Cadet H. G. Chang, and Cadet L. Shimada.

## Dr. George Will Speak at Reunion

Dr. William H. George, head of the department of political science and history, is going to speak on "Experiences and Impressions Gained Through My Tour in Europe and America," at the coming Hi-Y reunion of first year men tomorrow, March 23, at the Central Y.M.C.A. at 7 o'clock.

Pacifico Magplong, McKinley high school student and an orator, will also be there to entertain those who are going to attend.

This is an annual affair sponsored by the University Y.M.C.A. and Shiku Ogura is in charge of the get-together this year.

Dinner will be served in cafeteria style at 6:30 o'clock and the program of the evening will start promptly at 7 o'clock.

All freshmen who are planning to attend this meeting are advised to see Shiku Ogura at once.

## Central Union Club To Give "The Fool"

The Central Union Dramatic Club will present Charming Pollack's four-act play entitled "The Fool" at the Parish House, May 16, 17, and 18. The play originally ran for four years in the Times Square Theater in New York.

The Reverend Phillip Allen Swartz, in behalf of the Central Union Dramatic Club, has asked the University to cooperate in the production of the play in order that, so far as possible, there may be no conflicting engagements appealing for the public interest on May 16, 17, and 18.

He has promised to afford similar cooperation at any time, if information regarding the dates of the presentation of University plays is made known.

The Central Union Dramatic Club has for its purpose the presentation of worthwhile dramatic productions that have particular religious interests.

## Long Range Target For R.O.T.C. Juniors

Colonel James Huey, father of Cadet Sergeant James Huey in the University R.O.T.C., has offered the use of the long range target of the Marines at Pearl Harbor to the University junior cadets who are going to represent Hawaii in the annual summer camp national rifle match for the Warrior of the Pacific trophy.

This will give the University juniors a chance to fire for longer distance than is possible at the University range.
